Greener Cleaner Better

## FADEAWAY GREEN & HYPO-ALLERGENIC

**A powerful non-toxic, environmentally friendly range, designed to dissolve & break down tough soiling.**

**FADEAWAY** is committed to providing cleaning agents that are safe and organically friendly lessening the impact of toxic chemicals on the environment and to our customer's health without compromising on an exceptional clean.

### FADEAWAY A PROVEN FORMULA

FadeAway cleaning products are Tested and certified by Green Seal and The Carpet & Rug Institute.

They're designed to dissolve, break down and remove detergents, shampoos and dirt build up that causes rapid re-soiling. FadeAway eliminates soapy, sticky residue that are left behind in carpets and on tile & grout.

FadeAway products are powerful, yet soap free / detergent free, odourless, hypo-allergenic, non-toxic and bio-degradable with no VOCs and no off-gassing. Made with all natural ingredients, FadeAway products are one of the safest carpet cleaning products in today's market.

## **HYPO-ALLERGENIC & ASTHMA SAFE**

Added fragrances have always been a problem for people suffering from asthma, allergies and chemical sensitivities. There are fragrance additives in everything from personal products to household cleaners to carpet cleaning products. These added fragrances enter our bodies from the air we breathe.

Fragrance additives are not the only health concern, other ingredients in carpet cleaning products such as toxic, caustic and even carcinogenic substances, present a major health concern.

Fade Away cleaning products are specifically designed to remove dust, dirt, allergens and other contaminants without creating environmental hazards or causing health issues for our customers.

**FadeAway products are the most advanced and effective cleaning solutions of its type available on the market.**

# OUR FADEAWAY PRODUCTS

## SPOT & STAIN

Soap Free Procyon Spot and Stain Remover will dissolve the toughest spots and stains on carpet and upholstery. Formulated with a soft water conditioner that leaves carpet & upholstery softer and brighter, without breaking down natural fibers. Removes grease, oil, dirt... just spray on and blot.

## CARPET & UPHOLESTRY

FadeAway Carpet & Upholstery will immediately start to dissolve and breakdown greases, oils, dirt, detergents, and all types of soils without leaving any residues behind.

Carpet & Upholstery tackles those every day jobs like upholstery, drapes, rugs, and carpets.

## TILE & GROUT

**A safe and POWERFUL cleaner!** Penetrates the millions of pores in tile and releases the dirt and residues left behind from previous cleaning attempts. Grout will be restored to its original color and because there are no soapy, sticky residues left behind, the tile won't get slippery when wet!

## EXTREME PRE-SPRAY

Safe & effective for even the most delicate fibers. Extreme Pre-Spray cuts through heavy oil & grease soiled carpets and always come up with excellent results. It will remove tough spots & stains caused by blood, inks, food and beverage residues and more!

## MULTI-PURPOSE

Emulsifies or binds with the dirt & residue left on walls, ceiling tiles, fire place brick, appliances, counter tops etc. and pushes that residue to the top where it can easily be wiped away, scrubbed or extracted leaving your surfaces residue free and cleaner than they ever have been. Multi-Purpose is a great cleaner for those who clean commercial buildings, just a little of our product goes a long way!

***Multi-Purpose is so awesome at stripping dirt, grease and oil you can use it to clean the exterior of a building or other exterior structures***
