ABOUT JUVENAIRE

Juvenaire is one of the leading independent disaster recovery, restoration and cleaning management companies in Queensland.

We pride ourselves on the ability to provide our clients with the experience and expertise needed to successfully manage and restore a damaged home or business back to its pre-loss condition.

Juvenaire has a hands on approach to all stages of the restoration process from project management through to the final outcome. When affected by storms, water damage,

mould, fire and other disasters, people's lives are turned upside down. It is an incredibly stressful time for individuals and families as it can cause major disruption and uncertainty.

Juvenaire has decades of experience within the restoration industry and is recognised by leading insurance companies with providing the quickest turn-around time for the life of the claim.

Our proven track record is based on:

- Having completed over 45,000 projects.
- Dedicated teams and qualified restoration specialists, trained in all service areas.
- A communication system that guarantees fast response time and a single point of contact throughout the restoration process, capable of meeting set KPIs.
- A ready supply of drying and cleaning equipment and products for speedy deployment to the disaster site.
- Pack out system that allows for damaged contents to be restored in-house while your property is being restored.
- A state of the art facility at Stapylton capable of cleaning, restoring and storing contents safely and securely.
- Quality assurance standards applied to all stages of the project.
- The implementation of environment management systems for a sustainable future.
